SUMMARY

Product Designer and Design Lead with 8+ years of UI/UX experience in B2B, B2C and SaaS products. Lead a team of 5 designers while staying hands-on in design: UX research, user flows, prototyping, usability testing and handoff to development. Work closely with clients, developers and product teams, set design processes and help designers grow.

EXPERIENCE

1. **WEBSPARK - Senior UI/UX Designer / Design Lead** • Full time • Jan 2022 - Present
   - Lead a team of 5 designers: establish design processes across projects, give feedback, mentor and support professional growth.
   - Own design for B2B, B2C and SaaS products end to end: UX research, early concepts, final UI, prototyping and handoff to development.
   - Conduct user research and interviews and validate solutions with usability testing.
   - Work with clients, developers and product teams to define requirements and solve complex product problems; lead design discussions that balance user needs, business goals and technical constraints.

2. **WebbyLab - Middle UI/UX Designer** • Full time • Apr 2021 - Aug 2021
   - Designed mobile applications, admin panels and landing pages for digital products, including IoT projects.
   - Created user flows, wireframes, interfaces and prototypes; worked with developers to turn product requirements into clear, usable solutions.

3. **PROVG - UI/UX & Graphic Designer** • Full time • Apr 2020 - Apr 2021
   - Designed websites, landing pages, social media content and product interfaces, plus logos, visual identities, corporate materials and presentations.
   - Took projects from initial concept to final design and delivery.

4. **SmartJ - Graphic & Web Designer** • Full time • Jan 2018 - Jan 2020
   - Designed websites and marketing materials with a focus on layouts, visuals and digital content.
   - Created documentation and print materials, gaining experience in digital and traditional design.
